

REDUCE FRAUD WITH EMAIL ALERTS

Customize and manage your driver/vehicle fleet:

- Add and customize Personal Identification Numbers (PINs) in minutes
- Track individual driver, vehicle and card usage
- Track fuel mileage for each vehicle
- Add new drivers and vehicles instantly
- Set purchasing limits for drivers and vehicles
- Assign and allocate cost to departments based on drivers and vehicles
- Create customizable, easy-to-share reports

TAKE CONTROL OF YOUR FLEET

The Maverik Fleet Card gives you the power and confidence to manage your fleet business and cut costs. The more fuel you buy, the more you save. The online tools provide endless options to monitor and limit how your vehicles are used.

We look forward to discussing how you can get the most out of your fleet with Maverik – Adventure's First Stop.

NO HASSLE, NO STRESS, NO WASTE

MAVERIK.COM

POWERFUL. SIMPLE.

TOOLS TO MANAGE YOUR FLEET SMARTER.

The Maverik Fleet Program provides volume-based discounts and essential management tools that assist our fleet customers in managing their vehicle fleets. Fleets benefit from reduced fuel costs, tools that increase fleet efficiencies and assist in mitigating fraud, and effective reporting tools.

The Maverik Fleet program offers two card types: the Maverik Private Label fleet card and the Maverik Universal fleet card.

The Maverik Private Label fleet card can only be used at Maverik locations and provides guaranteed savings for customers who operate within the Maverik network. However, we recognize that limiting fuel purchases solely to the Maverik network may not be practical for everyone. The Maverik Universal fleet card can be used at any Maverik location, as well as over 180,000 other non-Maverik locations. Fleet customers can take advantage of volume-based discounts when using their Maverik Fleet card at any of our locations.
